

Ashton CE Primary School – Junior Class

Mathematics

The children will learn about the following areas over the spring term:

- Year 3/4
 - Fractions
 - Multiplication and division
 - Length, perimeter and area
 - Mass and capacity
- Year 5/6
 - Fractions, decimals, ratio and percentages
 - Algebra
 - Perimeter, area and volume
 - Statistics

Music

In music this term, the children will be experiencing the music genres of ballads and jazz!

History

In this term's history unit we will be answering the question, "How have children's lives changed?"

We will be using historical sources to make inferences about the past and based on this, discuss continuity and change.

Further to this, we will look at childhood throughout Tudor and Victorian times and famous historical figures who helped improve children's lives.

English – Reading, Writing, Spelling, Punctuation and Grammar

We will be studying diamantes in poetry this term. Children will learn the features of these poems whilst also looking at: verbs, adverbs, nouns, adjectives, synonyms and antonyms. These will support them when they come to write their own.

Later in the spring term, we will be story writing based on the adventure story of 'Cal's Log'.

Intertwined throughout this story are a number of diary entries. As such, we will take the opportunity to write our own diaries and learn a little more about tenses whilst we are doing this.

Science

Year 3/4

- Living things and their habitats
- Forces and magnets

Year 5/6

- Living things and their habitats
- Forces

Physical Education

- This term our children will be learning dance, sending and receiving ball skills and balance with a partner.
- With Coach Paul, children will be playing a range of games including: hockey, archery, netball and benchball.

Computing

Year 3/4

- Spreadsheets
- Touch typing

Year 5/6

- Spreadsheets
- Databases

Design & Technology

"What could be healthier?"

Exploring and designing healthy meals and considering how our food gets from farm to fork.

Religious Education

We will consider the following question -

"What does it mean to be a Hindu in Britain today?"

Art and Design

Photo Opportunity

This topic explores digital art, photomontage and macro photography.

PHSE and British Values Education
